Part 6: Signature - (Owner's/Occupier's consent)		
I apply to register a water-cooling and/or warm-water system as described above. I declare that all the information given is true and correct.		
Signature	Date	Capacity ¹
1.		
2.		
¹ If signing on the owner's/occupier's behalf as the owner's/occupier's legal representative, you must state the nature of your legal authority and attach documentary evidence (eg. Power of attorney, executor, trustee, company director).		

Protecting your Privacy
<p>Bega Valley Shire Council is committed to protecting your privacy. We take reasonable steps to comply with relevant legislation and Council's Access to Information Policy.</p> <p>Purpose: This information is a requirement under Clause 12 of the <i>Public Health Regulations 2012</i>.</p> <p>Intended recipients: Environmental Health and NSW Health (upon request).</p> <p>Supply: Legally required.</p> <p>Consequence of non-provision: An offence under provisions of the <i>Public Health Act 2010</i> and the <i>Public Health Regulations 2012</i> for the purposes of Legionella Control.</p> <p>Storage and security: Your information will be stored in an electronic database and will only be available to delegated officers of Bega Valley Shire Council and NSW Health (upon request).</p>

DEFINITIONS:
<p>cooling-tower ⁽¹⁾ means a structure in which steam is condensed or water is used as a coolant to lower temperature.</p> <p>water-cooling system ⁽²⁾ means</p> <p>(a) a device for lowering the temperature of water or other liquid by evaporative cooling, or</p> <p>(b) an evaporative condenser which incorporates a device containing a refrigerant or heat exchanger.</p> <p>A water-cooling system includes a cooling tower and its associated equipment and pipework. Please note two or more interconnected cooling towers equal one water-cooling system.</p> <p>warm-water system ⁽³⁾ means a system designed to heat and deliver water at a temperature of less than 60°C at each outlet point.</p>
