

## Thank you!

Thank you to the community, the many volunteers, emergency services and Council staff for pulling together during last weekend's storm.

## Beach Safety

The Shire's beaches sustained a heavy hit during last weekend's storms. This has resulted in significant beach erosion, damaged coastal infrastructure and the presence of a large amount of foam. Beach users are advised that large sand banks can be extremely dangerous and unstable, especially for children, and the presence of foam in some places can mask debris and changes to the beach surface.

## Snap Send Solve

This is a great tool for reporting damaged infrastructure from your device. Go to our website and search 'Report an Issue'. Reported problems will be dealt with on a priority basis, due to widespread damage.

Council has met with Crown Lands to plan for repair works on the Tathra Wharf, damaged by last weekend's monster seas.

General Manager Leanne Barnes said Council will be ready to go with repair works once all the steps with Crown Lands have been finalised.

"Timelines are difficult to give right now other than saying Council and the community are keen for progress," she said.

In the meantime, Council will erect temporary fencing at the Wharf to keep people and the structure itself safe.

Council has also moved to assure the community that the trial of the access path on Pambula Beach will continue.

Twenty-eight metres of pathway is secure but unfortunately the surging sea claimed around 40 metres of pathway.

Council is currently salvaging sections of the pathway from storm debris.

And recent sunshine has been welcomed by Council crews keen to get the region's sporting and recreation facilities ready for action again.

The clean-up of storm and flood debris from local parks and sporting fields is moving into its next phase after allowing some time for areas to dry out.

## Boil Water Notice

Residents in Quaama, Cobargo, Bermagui, Beauty Point, Fairhaven, Wallaga Lake, Wallaga Lake Heights, Wallaga Lake Koori Village, Akolele and also trunk main customers in these areas are still required to boil water for consumption, food prep, cleaning teeth and ice making. We will advise of any updates.

## Economic Summit

Registrations for the the Bega Valley Economic Summit to be held on 28 and 29 July are now open! With a focus on emerging and dynamic opportunities across the Bega Valley Shire, the Summit is your chance to hear relevant leaders, experts, decision makers and influencers give their practical views and ideas for economic growth in our region.

Early bird rate of \$250.00 per registration. For more information call 0425 775 885.

Get involved in decisions! Have your say on documents, plans and strategies that are open for public comment..
