PRICING POLICY

A The price for this good/service is set to make a significant contribution towards the cost of providing the service. The remainder of the cost is met from general purpose income.

B The price charge for this good/service is a statutory charge set by regulation and is the current rate at the time of adoption of the Management Plan. If these charges are varied by the relevant statutory authority such charges are then applied to the Council fee.

C The price for this service is set to make a minimal contribution to the annual operating and maintenance costs of the facility. The remainder of the cost is met from general purpose income.

D The price for this service is set to make a nominal contribution towards the cost of providing the service. The remainder of the cost is met from general income including general purpose grants.

E The price for this service is set to make a contribution towards the cost of replacing the infrastructure assets utilised in the provision of the service.

F The price for this good/service is based on the full cost of providing the service.

G Fees adopted in accordance with the provisions of the Environmental Planning and Assessment Act Regulations and/or Council Policy. Where fees are set by the EPA Act Regulations any subsequent changes made by such authority is reflected in the charges made by Council.

GOODS AND SERVICES TAX (GST)

The following schedule of Fees and Charges has been prepared with the GST included where applicable. If the GST status of any fee or charge needs to be changed, then such fee or charge will be amended to reflect the change - in the case of a fee or charge being exempt from GST then the fee will be reduced by the GST component of the charge; where it is found that GST should be charged, then that fee will be increased by the GST amount applicable at the time.
